The procedure will be as following :-  
When I will receive the information about agents (INA men) from you who can pay for V.P.P articles, then I will send to them the samples of sports + cutlery with prices including my profit ie selling profit.

The buisness is very payable. People used to bring big order of Thousands from Bengal cities + up cities + people used to make Thousands out of it, Why we should not work for our livelihood.

I got this idea ie to begin such buisness (on such a large scale just to get in work to our unfortunate men) by reading the following facts in one Calcutta paper

Everywhere where they (INA men) go, they get honour for their Valour, respect for their patriotism, but no money for their livelihood and no jobs for their occupations.

As in my and most of mine comrades case, the above stanza is a real fact.

The men who are the inhabitants of Bengal, can get good orders than those agents who used to go from this place.

I hope, you will help me as well as those men who want some job for their livelihood but one thing I may inform you beforehand, I am also not too good financially.

As per my qualifications, I have passed (i) The Intermediate Examination in Arts & Science (Madras University) in 1938 (ii) Sanitary Inspectors Examination in 1940 conducted by the Govt. of Madras, and (iii) The Dresser's Exam. Malaya, conducted by the Malayan Medical Dept. in 1941. Also in addition to the above, I have a fair knowledge in anti malarial works, office work etc.

Thanking you in anticipation of immediate help - in money and employment.

Yours faithfully,

I take this opportunity of thanking  
you for the invaluable help you have  
rendered me while I was in I. N. A.  
Relief Centre in Calcutta. I remained  
in Madras for nearly ten days and  
then being aided by them I left for  
my native place.

On receiving & on reaching  
there, to my great dismay I learnt  
that both my parents died and a  
few acres of paddy land and a  
house of ours were mortgaged by  
my deceased parents, and there is  
no possibility of getting them back  
as I have to spend over a thousand  
Rupees in recovering them.

months I was ultimately released.

I beg to point out in this connection that I have a large family for whose upkeep and maintenance there is nobody else but me, and since I was held up by my national sentiments and patriotic bindings, I could not make myself in any way a leading hand to my ailing family. My two brothers - even ones from Borneo - died waterbury deaths here while I was away, thereby leaving my old mother and sisters helpless, unprotected and uncared.

Ever, I need hardly mention how a family under such tragic circumstances, without any help from anyone, without even asking word from anyone, pulled on their lives for a period of as many years.

Since my arrival here, I find that my family is neck-deep in debt, and there is absolutely no way to ward off the pressing creditors.

assistance was stressed by the need of the I.N.A. I threw away all my prospects on the job which at that time was building up, and joined the I.N.A. in the capacity of a Staff clerk. After undergoing strenuous and hard circumstances for a while, I was conscientiously indulged in my active service for the country and had had my uplifts too in the service, first as Sub officer, and later on as 2/Lt. My allotted Regimental No. in the I.N.A. was 27914.

I was attached to the Base Ordnance Depot, and was under the direct command of Major Hozjondra Singh.

During my service in the I.N.A. I had had many a time contacted the High Command Bodies like Col. Bhonsle (?) (later general) Captain Laxmi, etc., and had many personal interviews with our beloved Netaji while he was retreating from Burma.

In the year 1945, I was captured and was later incarcerated in jail at Pegu in Burma, and was afterwards taken to Rangoon, and finally brought to Japan, where after being kept for about 4 months

The question of finding out residential accommodation for them will be difficult, so long as the Bombay I.A.A. Committee does not open any I.A.A. Camp. On the other hand the Bengal Committee have already got several Camps working.

Sardarsahab feels, therefore that if arrangements could be made with some of the Bengal textile mills for these 14 Cadets to receive training as apprentices, the problem of their residential accommodation will not be difficult for the Bengal ~~Committee~~ Committee. I shall be glad if you will kindly examine the matter in this light and let us know if arrangements for training could be made for the Cadets in any of the textile mills in Bengal.

An early reply will oblige.

Dear friend,

Please refer to your letter dated the 15th May 1946, addressed to Shri S.A. Ayer, the Joint General Secretary of the All India I.A.A. Inquiry and Relief Committee, a copy of which was forwarded for information of Sardar Shri Patel. Sardar Sahab notes that 10 of the Tokyo Cadets desire to take training in the Textile mills in Bombay as apprentices. He also notes that 4 more Cadets would also like to enter textile mills in Bombay if arrangements can not be made for them to take training in aeronautics. Sardar Sahab desires to point out that while it would not be difficult for us to arrange for the training with some of the textile mills in Bombay.

Jai Hind,

It is now confirmed that my son N. Kutta-  
ppan Kurup, who was a member in the fighting  
forces of I. N. A. at Burma front met his heroic  
death due to enemy action.

One of his friends stated that he was  
with the 5th. Guerilla 3rd Battalion 'A' Company  
under the command of Lt. Col. Saigal and Battalion  
Commander Palekiri Sany. He met his death near  
Akyah while the forces were severely fighting  
with the British.

It is a great loss to me. I am  
now old, 65 years of age and no body is left  
here to support me. As I hear that your  
Committee can do some help. I would be grate-

Command for repatriation. Since our arrival 2 months and 10 days have elapsed and so far we have not the slightest knowledge as to the decision, if any, regarding us if we are not repatriated to India the alternative is that we will be released here. If this happens, the situation of most of us will be very difficult since we have no kith and kin in Malaya. Considering the delay we are forced to come to the conclusion that the authorities are either indifferent regarding us or are intentionally delaying our repatriation with the excuse of "Transport difficulty". Though there may be some justification in this excuse. We feel that we have a right at least to know the length of our detention.

As this is not coming forth, we are forced to approach you for your advice and ~~for~~ guidance. We are anxiously waiting for your speedy reply.

Subject: Information regarding the I.N.A. P.O.W.'s still under detention.

Sir,

On behalf of the 201 I.N.A. Personnel (Civilian recruited) from different parts of East Asia) we beg to bring the following information to your notice.

Since the end of hostilities we had been kept under detention in different places in Singapore. Just two days previous to the arrival of Nehruji (14th March '46) we were separated from the I.N.A. Unit (recruited from the Indian Army) in Bidadary Camp, Singapore, under the pretext of repatriation to India via Post Sweeten Home, and brought to our present abode.

On our arrival our strength was 309. After a month's stay we were categorised as follows:

- (1) Those who came to East Asia before 1938.
- (11) Those who came after 1938.

Those coming under the first part were released in Malaya, the second group (201 in number) was kept under the assurance that our case would be forwarded to Malaya.

At present the authorities look down upon us and no facilities are given. Hence since the Congress is in power I am sure I won't be disappointed. For that matter I am ready to deposit Rs 15,000 in the Bank before I start off to that Country. My father an old retired medical man is ready to furnish any security the British Government deems necessary.

I tried to get a seat through the Burma Government but unfortunately I failed. All the seats will be given to the Burmans only. Now I being an Indian and I. N. A. Soldier look forward to your help. This is the final attempt that is made - failure of this means failure of my whole life. I hope you and the Committee would realize my difficulties and hinderances placed in my ways.

I hope I would be favoured with an early reply.

If a choice is given to me I would like to be the Student of Bombay university first and than Madras or Bangalore.

Since the day the Congress Ministry has taken up the office, I am very hopeful. I look forward to these National Servants to help me out and relieve me of the anxiety that confronts me at present. My whole future depends upon the Committee, for which I shall be highly obliged. I offer my unconditional service to the National Govt. after my education. I look forward to the day when I shall be a servant of that Government in bringing the National Health of India to the highest level.

Furthermore I would request you to reserve a seat in the United Kingdom for the medical studies. I am sure the Congress being in power and leader of I. N. A. men at present -

With due respect I wish to place a few points concerning myself for your Sympathetic Consideration and early reply.

I was an officer in the Indian National Army under the leadership of His Excellency Netaji. I passed out my officer training course from Rangoon and was commissioned by Netaji himself in 1944 the year when the I. N. A. was at its height of glory at Imphal. Eventually I was arrested and kept in jail, from which I came out a few months back. Since then I had been trying my best to get a seat in a medical college in India. Unfortunately I am disappointed by all the universities - since I do not belong to their university universities.

Moreover there is no possibility for the medical college to be reopened in Burma. (P. T. O.)

Dear Friend,

I am enclosing herewith a copy of a letter received from Lt. R. N. Sharma of the I.N.A. As you will notice, Lt. Sharma was a B.Sc., student and gave up his studies to join the I.N.A. He now desires admission in a medical college in India, as in Rangoon no facilities for the same are available. I placed the letter before Sardar Shri Patel and he feels that if the Bengal Committee can find out accommodation for him in a medical college at Calcutta, he will not have to travel all the way from Rangoon to Bombay. I shall be glad if you will kindly look into the matter and do the needful. Kindly let us know the action you have taken in the matter at your earliest convenience.

P.T.O. Encl: 1 copy.

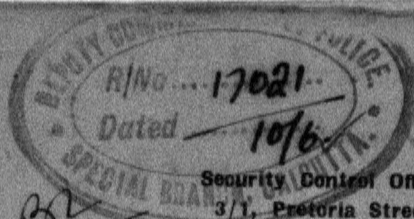

Yours Sincerely,  
Sd/- Suresh Desai

Dear Sir,  
Jai Hind. I was brought to  
Calcutta from Rangoon as a Lieutenant  
of the Indian National Army on the  
18th April 46. I was offered a job  
by the LNA Relief Committee Calcutta  
but I was too weak to work  
at that time. Now I have  
recovered my health and find myself  
badly in need for some job, as  
five or six members of the family  
are dependent on me for their  
living. I passed Articulation Examination  
in 1938 and had been working  
in the Publicity Dept. of Indian  
Independence (?) League, Bangkok prior  
to my joining the INA.  
I will be very thankful  
if you kindly arrange some job  
for me and inform me at your  
earliest convenience.

Jai Hind?

Ref. States 163 of 4-3-46.

Soon after arriving here. I had a Commu-  
- nication from a representative of Sardar Vallabhbhai  
Patel requesting me to meet him at a certain  
Station but though I went there twice on the  
appointed dates he failed to turn up and  
I haven't heard anything from anybody  
after that. For about  $1\frac{1}{2}$  months now I have  
been confined to bed with all sorts of  
complaints all the result of the hard life  
& strain of the last 4 years in East Asia.  
I am still very weak & under treatment.

We, who joined the departments  
of the Provisional Govt. of Azad Hind *did*  
so on our own free will & choice being  
inspired by the personality & speeches  
of our Netaji and as such we sacrificed  
all our belongings. When we arrived home  
we came without anything. But back  
home we are faced with domestic problems.

Jai Hind,  
 I am in receipt of  
 your telegram intimating the  
 representation to be made on  
 our behalf by the great leader  
 and the elder brother of our  
 beloved Netaji, for which we  
 are really very grateful. I have  
 also seen in the news paper about  
 this fact.

We are really very happy  
 and proud of that we are to have  
 such a great leader amongst  
 us especially to defend us.

Mr. Varman is taking keen  
 interest and trying very hard for  
 the withdrawal of the case. He  
 has also seen H.E. the Governor  
 in the matter.

I may here state that  
 so far I am given to understand  
 nothing has been done to put up  
 our cases before the Court; however  
 I shall inform you when it is done.  
 Thanking you for your very kind  
 attention.

I am desirous of coming over to Bengal, the Province of our Netaji.

I have applied for my future studies in some Engineering College but so far am not supplied with any reply. It would be a great favour if <sup>(?)</sup> I am allowed to join the Engineering College with the Tokyo Cadets or some other duty to carry on unless it is arranged.

As regards my qualifications I am Matriculate of the Punjab University passed in the First Division. I can discharge the duties of a Surveyor, Draughtsman, Tracer and Steno Typist and Drill and P. Sir,

I am an I.A.A. man (Sub-officer)  
Evacuated from Burma. When I passed  
through Calcutta, I registered my name in  
your relief Committee, my Serial no being  
Slake 1198. I have received Rs 10 as  
immediate relief from your Committee.

I proceeded home in the hope of finding  
some means of living in my native village  
with the help of my parents and relatives.  
But I was quite ignorant of the economic  
situation at home. Contrary to my expectation  
my parents themselves and my younger brothers  
and sisters seek help from others and from me  
too if possible. Therefore my hope not to trouble  
you when I started from there has been shattered  
and I have been compelled much against my wish  
to seek assistance from you.

I thank you very much for your kind efforts in regard to the welfare of the I.N.A. in general & our Tokyo Cadets in particular. We shall await your further instructions in regard to the latter.

I regret very much to note that your health is still very poor. Your onerous duties in connection with public work during these critical times are most exacting. My dear Sarat Babuji,

I thank you very much for  
your kind letters dt. 31st May & 6th June 46.  
I regret I was unable to reply promptly  
as I was away on tour in the mofussil  
areas in connection with rehabilitation of  
the I. N. A.

There are lots of schemes available  
for Ex-Service men of the British Indian  
Army & under the Congress Cabinets for  
absorption & utilisation of extra labour. I  
feel that, unless the Congress High Command  
& the Congress Cabinets come forward to  
give us a helping hand, very little  
can be done for the effective rehabilitation  
of the I. N. A. During my tour I have  
contacted & requested private employers in  
this connection; but they complain of  
practical difficulties. Most of them would  
be able to utilise the rank & file  
of the I. N. A. only if the Govt gave  
us a lead.

Jai Hind,

I Came to Orissa and visited

to Lt. Col. B. M. Patnaik and the directions

Very recently we have established a

here this month but have not heard anything from them as yet.

I have a family of 6 members here and two boys in Bombay and am thrown jobless. I am not desirous of working under any European but only wish that my claims to pension and gratuity are honoured in consideration of my past services to them.

I am glad to learn that you have taken a great interest in the affairs of the boys who returned from Tokio and are doing your best to help them.

Hence with my request to you to do your best for me and similar other sufferers, who are but a few in Malaya and with our best regards to you and our sincere prayers to the Almighty God for the long life of our beloved Netaji I close this letter.

Always yours

N.B. The letter is  
posted in Bombay.

Last week I met Sri Raghavan, our leader in Malaya, and at his suggestion I have left the copies of the correspondence that passed between myself and the local Government.

During the last 8 months I am under the protection and enjoying the hospitality of a friend of my boy-hood on this estate.

He is a big family man himself and is not in affluent circumstances.

I appealed to the I.A.A. Defence & Relief Committee, Malaya Branch, Kuala Lumpur and their Penang Branch towards the latter part of January '46 but so far there seems to be no reaction. I tried to get some job on estates and could not succeed since the European managers do not want to entertain an I.A.A. man on their estates.

Now I am doing only the honorary job as a representative of the I.A.A. Defence & Relief Committee of Kedah Sub-branch at Padang Serai, South Kedah. I was asked to organize and carry on with this work here.

I could not open up a practice here since there are obstacles in the way of obtaining a license for me now at present.

I have offered my services to the Congress Medical Mission that was expected to arrive P.T.O.

visited our town. I, with some of the members of my family interviewed him in Penang the next day - 19th August, 1943, as desired. Having determined for total mobilization I joined the Movement with the whole family.

My first and the third sons - S.V. Sharma and S.B. Sharma - who have returned to Bombay now, were sent to Tokyo for higher military training in the Army and Air Force. My second son, S.K. Sharma, was sent to Burma with the Field propaganda unit and later taken by Netaji into his own Headquarters. My nephews joined the I.N.A. and was in the Azad School, while my wife, Sister-in-law and my daughter (a girl of 13) were in the Rani of Jhansi Regiment. My wife was one among the six special nurses that were sent to Burma. My daughter joined the Fighting Forces and was very much appreciated by Col. <sup>Colonel</sup> ~~Luxmi~~ <sup>Parasmi Nath</sup> while she was the Commandant of the Unit there in Singapore. I am afraid it may seem to be vanity and show if I were to say I laid all my earthly belongings at the Altar of 'Bharat Mata' and hence do not wish to dwell at length on this matter. Suffice it to say that Netaji understood our feelings and reciprocated. He knows every member of my family.

P.T.O.

During the first week of August 1945 I had the last glance of him at Singapore and the Japanese Surrender came immediately after. I was granted leave ~~to~~ by the Director of Medical Services and the Chief of Staff of the I.M.A. on 21st August '45 and sent back to Kedah, the place I came from.

About the middle of September 1945 the British re-occupied the Country and according to the proclamation of the British Military Administration I applied for my former job as many others did. Though many others were reinstated in the service I was refused. I gather through private sources that the then State Surgeon, (a Malay officer) and a brother of the Secretary to the Kedah Government appointed to the office by the Japanese) told the B.M.A. authorities that I was a total mobilizer and dangerously Anti British. I appealed to the Chief Civil Affairs Officer, Malaya, asking him to give me my Gratuity and Pension that I am eligible for the Past 26½ years loyal service that I have already rendered; but I have not received a definite reply yet, although my first petition to him was sent on 4th December 1945. Since then I have written several times to him and the India Government Agent General, Sri Chellur, but to no purpose since none of them has replied to.

Dear Sir,

Before bringing the purpose of this letter before you I have to introduce myself. I am one C.V.S. Aiyar (Sharma). I was a Senior Hospital Assistant in the Service of the Kedah Government (an unfederated Malay State under British protection) for 26  $\frac{1}{2}$  years until November 1943. The Japanese occupied this State on 15th of December 1941. Immediately the Indian Independence League was organised here and I was made a member of the Committee.

A Couple of months later my eldest son, who had appeared for his Cambridge examination volunteered his service and was engaged as a Clerk (honourary) in the I. I. L. Later he joined the Azad School and the officers Training School to become Military Instructor and officer of the Indian National Army respectively. released from Hospital and brought to the same jail again while the remaining parties were also left to Calcutta on 13.4.46. Later on they came to know from a letter of their Capt. Koja, saying that all of their friends were released and sent to their respective places by the JNA Relief Committee.

On 17.5.46 these three were taken in a military transport and arrived at Calcutta on 20.5.46. Soon after their embarkation they were guarded by military and brought to 49 Reception Camp Dum Dum where they are still detained. When they reported the Camp authorities they say, they don't have any idea of their detention in the Camp and they will have to stay there till they get correct information from their higher authorities. But God alone knows how long it will take.

Some of these has left their home since 11 years and is very eager to see their aged parents. In this way they are passing their days in sorrow.
